

## Road Marking Skid Resistance

# SRT 5800

---

Portable Skid Resistance Tester

---

### Accuracy

The Pendulum Test Value (PTV) appears automatically on the OLED digital display, eliminating the possibility of parallax error.

### Efficiency

The digital display provides helpful prompts to simplify and accelerate the test procedure.

### Ease of Use

Intuitive, easy-to-use design. All historical data is stored for future recall, and personalize software and reports to include your organization's name, colours and logo.

## Instrument Tech Specs

<b>Display</b>	Digital option available on Pro versions
<b>Weight</b>	28 kg (61.7 lbs)
